

About Us

The National Gender Centre at the Lal Bahadur Shastri National Academy of Administration, Mussoorie has been a pioneer in championing the cause of Gender Equality and Child Rights in the government sector from the very outset. This time it took a step ahead in this direction, to fulfill the mandate given by Ministry of Women and Child Development, with active support of UNICEF, to develop Training Modules on Child Rights which can be used as an instruction manual not only in LBSNAA but across various other training institutions of the country. In keeping with this aim, a National Consultation Workshop to Develop Modules on Child Rights was held on 7-8 April, 2014 in the serene and picturesque environs of LBSNAA at Mussoorie, Uttarakhand.
