1.	<p>We would appreciate further <i>clarification on the cancellation of the event. The RFP mentions cancellation about the event at any time.</i></p> <p><i>However, it does not mention the reasons for the cancellation of the event and subsequent compensation for the work done by the consultant.</i></p> <p><i>Request you to please provide more details on the cancellation of the event, including any reasons for such cancellation and compensation for the work done.</i></p>	<p>LBSNAA is the attached office of Department of Personnel & Training (DoPT) and there may be an exigency wherein a task/ activity is directed/ taken up by the government due to which dates may clash. This is one example of un-scheduled cancellation which may take place.</p> <p>In such a case, both parties would have incurred respective costs and no compensation will be made for the work done.</p>
